Our Sectors

Foodservice

Where our journey began...

Our company journey began over 20 years ago and we are now considered market leaders in this sector. We pride ourselves on developing products fit for purpose and that our customers can enjoy. Innovation and food-led concepts is key in developing long term successful growth for our customers.

Retail

Delivering category growth

Over the last seven years we have gained a major foothold in the retail market, supplying both branded and private label products for Irish, UK and international retailers. Our products have been created through extensive research and development, with taste trends, competition, pricing and customer behaviour at the forefront.

By offering something different we have been able to help retailers deliver growth with private label products, whilst also developing our own brands, namely Diggers, Farm Range, Seafest and most recently Clover and Greene.

Industrial

Trusted by chefs

Pan Euro Foods supply leading producers of fresh and frozen foods with key ingredients which allows their chefs to develop interesting and highly sought-after dishes.

We are the first-to-call for sourcing a vast range of products due to our knowledge of varied, trusted and quality suppliers. With employees based around the world, we provide ingredients and the expertise in on-trend food solutions, working with clients to deliver innovation to their customers.

Food to Go

Setting trends

This is a particularly fast-changing area in the market, whereby we are considered a trend setter. Consumer demands continue to evolve and the market is predicted to grow by 5% in 2021.

The sector has required some reinvention and together with our retail partners we have been working tirelessly to bring new products to market. Our range has been developed for the modern palate, providing new breakfast, lunch and dinner offerings, along with a new take on old favourites.

We understand that presentation is every bit as important as ingredients in this industry, which is why we look at every aspect including equipment, packaging and ticketing.

Our Brands

Retail, Foodservice, Industrial & Food to Go

Bringing new products and ideas to our ranges each year...

Diggers

Diggers is a leader in coated poultry and we have extended the range to include

complementary products such as wraps, coated vegetables and finger food.

Diggers has become one of the leading brands in this sector. We have found that our unique take on already popular products, both in terms of taste and packaging has been essential to the brand's growth.

Seafeast

An Ocean Of Flavour

A range of carefully selected fish and seafood products. Reliability, innovation and quality are at the forefront of the brand.

Seafeast offers a selection of high quality seafood products for the retail, foodservice and manufacturing sectors. With sustainability in mind, we constantly develop innovative solutions for these sectors, through monitoring consumer trends in national and international markets.

New to market for 2021 are our RTE cooked salmon portions for the foodservice and manufacturing sectors as well as Wild Atlantic prawns for retail.

FARM RANGE

TASTE THE GOODNESS

Farm Range offers premium pork and poultry products for the retail and foodservice sectors.

Its surge in popularity is the perfect example of our ability to reinvigorate a stagnated market. With our flavouring know-how, consumer friendly packaging and by working closely with our customers, we have consistently delivered best-selling products to the market.

CLOVER and GREENE

Our newest brand aims to appeal to those looking to make healthier food choices who is time poor and considers wider societal challenges.

The great tasting vegetarian range includes a burger and a falafel.

MEDITERANI®

PASSION FOR FOOD

Designed for the foodservice and industrial sectors, our Mediterani range is the home for some of our most interesting takes on continental dishes and ingredients.

With staff and trusted suppliers dotted around the world, not only do we provide key elements of dishes – such as cheeses, olive oils, roasted vegetables, tuna etc – but also new ideas which can help chefs create the most attractive modern cuisine.

The original and authentic Italian taste experience.

MEDITERANI®
PASSION FOR FOOD

Designed for the Foodservice and Industrial sectors, our Mediterani range is the home for some of our most interesting takes on continental dishes and ingredients.

With staff and trusted suppliers dotted around the world, not only do we provide key elements of dishes - such as cheeses, olive oils, roasted vegetables and tuna - but also new ideas which can help chefs create the most attractive modern cuisine.

We call it a - *Passion for food* -
